ASK US ABOUT OUR BEAR FACTORY/CREATE-A-PET PARTY PACKAGES

THE TEDDY BEAR FACTORY

Let us bring our brand new full-color traveling Bear Factory to your next event. This is the hottest thing around! Guests will delight as they get a chance to create their very own one-of-a-kind teddy bears. First, they choose a plush shell. Next, they fluff & stuff until their bear is as plump as they want him. Then they give him a name and a heart or star filled with magic wishes. Next appropriate clothing is chosen (a huge variety of wardrobe options are available) and bears are sent home with their very own birth certificate. We have more than 40 animals to choose from and over a hundred outfits. We add new choices constantly, so call us to ask about our great choices.
